# POWER ELECTRONICS EXPO

THURSDAY 28<sup>th</sup> MARCH 2019 – INTERNATIONAL CENTRE | TELFORD | UK

Power Electronics in the UK is driving significant change across a range of industry sectors including the renewable energy generation, energy networks, transportation and industrial processes arenas. The inaugural Power Electronics Expo UK runs Thursday, 28th March 2019 and brings together senior industry professionals with a commercial interest in the latest technological developments from within the power electronics sector. Held at the award winning International Centre, Telford in the West Midlands a major UK hub of the high tech industrial sector, the event will provide a unique opportunity to showcase the latest technological products and services from across the industry.
